**Subject:** RE: CES/Request for Extension of Time to Respond  
**Date:** Wednesday, May 27, 2015 3:22:59 PM

---

Amy: I just left you a voicemail message and wanted to confirm my request via email. Per the email exchange below, my client, Cook Compression LLC and Dover Energy Inc., requested and received an extension of time to respond to EPA's General Notice Letter until Monday, June 1. The purpose of the extension of time was to allow EPA to respond to a FOIA request submitted to the Agency on March 30<sup>th</sup> requesting any documents linking my client to the CES Environmental site.

Last week, we gained access to a partial FOIA response from EPA of 66 documents (actually 60 documents since 6 documents were duplicates). Only one of these documents related to my client. We have been advised by EPA's Diane Ortiz that an earlier FOIA request from a different PRP at this site will be available June 1<sup>st</sup> and that EPA hopes to complete the response to our FOIA request by June 11<sup>th</sup>.

As previously communicated to you, in order to fully respond to EPA as requested, we need to see the documentation linking my client to this site. Given that a response once again is due to EPA before the FOIA request can be provided, we request a 30 day extension of time to respond until June 30<sup>th</sup>.

Please let me know if this meets with your approval. If you have any questions, please contact me. Thanks.

**Subject:** RE: CES

I will recommend to management that your client receive a 30 day extension. If you do not hear back from me, assume the extension is granted and letter is forthcoming granting the extension. If the extension is a problem, I will contact you.

Thanks,  
Amy Salinas

**Subject:** RE: CES

Amy: I represent Cook Compression LLC and Dover Energy Inc. Please know that we received a call today from EPA's Diane Ortiz regarding the status of our FOIA request we submitted to the Agency on March 30<sup>th</sup>. Ms. Ortiz has requested a 30 day extension to respond to our information request. In order to fully respond to EPA as requested, we need to see the documentation linking my client to this site. Given that a response is due to EPA on May 1 and we have learned that the FOIA response cannot be provided in that time frame, we request a 30 day extension of time to respond until June 1<sup>st</sup>.

Please let me know if this meets with your approval. If you have any questions, please contact me.

Thanks.

**Subject:** RE: CES

Amy: Thanks for this additional information. Per your prior email, we submitted an online FOIA request yesterday for all documents linking my client to the CES Environmental site. We very much want to be able to review this information before providing the requested response to EPA. Based upon the schedule below, it appears we will have a few days to review this information.

I appreciate the update.

And yet another update:

I've been advised that April 30, 2015 is now EPA's planned date to have the already FOIA requested site related document copies available for online viewing.

The date has been changed from April 14<sup>th</sup> to April 30<sup>th</sup> due to time needed to make the large number of document copies viewable from the FOIA online web site.

Sorry about the moving date. Hopefully they will be available April 30<sup>th</sup>.

Amy

Lynn:

Here are updated instructions for the FOIA process. The expedient way for you to request copies of previously requested FOIA redacted copies of documents (invoices, manifests, etc.) that EPA has obtained from CES Environmental Services, Inc. is via the following FOIA online web site:

<https://foiaonline.regulations.gov/foia/action/public/search>

**April 14, 2015**, is the EPA's target date for copies of these previously requested FOIA redacted documents to be viewable at the above URL. **After April 14, 2015**, when you go to this site:

1. Click on tab titled Search FOIA Requests.
2. In the Search Criteria box:
  - A. Search for - "EPA-R6-2015-005289"
  - B. Type – Leave all four boxes checked
  - C. Agency – Select U.S. Environmental Protection Agency
3. Click the search tab.

If you have any other questions please call me.

Thanks,

Amy Salinas

**Subject:** CES

I received your voicemail. The best way to request the documents is to submit an online FOIA request for "redacted copies of all documents that EPA has obtained from CES Environmental Service" via the following web site:

<https://foiaonline.regulations.gov/foia/action/public/search>

If you have any problems, let me know.

Thanks,

Amy Salinas 214-665-8063
